Readings to prepare for our retreat

I'd still like to share with you the suggested reading materials given to us by our retreat master, Fr. Maximilian Jaskowak, O.P., from the St. Joseph Province. Since we don't have an assignment from Fr. Kauth for July, it would be good for us to prepare for our retreat with the below readings to help make it as fruitful as possible. Our retreat theme is "Our Divine Master: The Holy Spirit and the Dominican Soul."

- *The Sanctifier*, by Archbishop Louis María Martínez
I believe this is also available free online. I also believe it has the alternate title of *True Devotion to the Holy Spirit* by the same author. You will already be familiar with this book because Fr. Buettner introduced it to us last year.
- *The Dominican Soul*, by M. M. Philipon, O.P.
You should also be familiar with this short document since it's part of our group's formation materials. It would be good for everyone to read this again as a refresher before our retreat.
- *About the Holy Spirit*, by Francisca Javiera del Valle

This is a 10-day devotional to the Holy Spirit. You could go through this book as a daily devotional leading up to our retreat.
